

Ecotrend

ECOLOGICS

A CONSCIOUS COMPANY

Ecotrend Ecologics is celebrating 31 years of bringing leading natural health products to you.

Together with your support, Ecotrend Ecologics and our Suppliers are committed to growing social and environmental awareness.

VITANICA

- Manufacturing facilities are third-party certified, FDA registered and meet Good Manufacturing Practice standards.
- All bottles are either glass or recyclable BPA-free plastic.
- Vitanica's formulas are based on science, clinical research, and traditional herbal medicine practice.
- Formulator and co-founder Dr. Tori Hudson conducts nationwide lectures and trainings for health care professionals.
- Committed to using the highest quality, premium-grade organic or sustainability wildcrafted herbs available, always non-GMO.
- Supports non-profits working to provide relief to African and South American communities and sponsorship towards Naturopathic licensure efforts.
- Vitanica products are primarily hypoallergenic and 100% vegetarian suitable.
